I. Introduction

In accordance with Art. 26a of the Frontex Regulation (1168/2011) the role of the Consultative Forum is to “assist the Executive Director and the Management Board in Fundamental Rights matters”. To this effect, the Consultative Forum is consulted, among other matters, “on the further development and implementation of the Fundamental Rights Strategy, Code of Conduct and common core curricula” (Art. 26a § 2).

For the purpose of performing its duties, and in line with the Frontex Regulation, “the Consultative Forum shall have access to all information concerning respect for Fundamental Rights, in relation to all the activities of the Agency” (Art. 26a § 4).

The Consultative Forum coordinates its work around three formal meetings per year in addition to other informal meetings and exchanges with the Frontex Executive Director, the Management Board, the Fundamental Rights Officer and Frontex staff. With the purpose of optimising the available time and expertise, the Consultative Forum has established thematic working groups and appointed specific focal points for some of its activities.

With the adoption of its Work Programme, the Consultative Forum sets its priorities for 2016. This document also defines specific outputs and results which the Consultative Forum aims to achieve through its activities.

The priorities of the Consultative Forum in 2016 are:
